

OpenDyslexic typeface

The ProQuest interface can be set to OpenDyslexic font to make the site easier to read for users with dyslexia.

To switch to the OpenDyslexic font go to **Settings** in the main menu in the top right then select **Profile**:

The user can choose to have both the platform and the e-book to be displayed using OpenDyslexic font by selecting **Enable Accessibility Mode** as well as **Use OpenDyslexic typeface**.

To navigate the text in this mode you should use the **Go to Next Page** link at the bottom of each section of text or use the subsection navigation on the left.
